Fifth Column: Muslim Brotherhood Infiltrated European Institutions, Islamic Associations, Migrant Communities in Bid to Destroy West, French Gov't Report Finds

May 22, 2025 [breitbart.com](#) reported: "An explosive report from the French government alleges the Islamist Muslim Brotherhood network has embarked upon a decades-long effort to forge a fifth column in France and across Europe through infiltrating government institutions and radicalizing Muslim communities, while veiling their true intentions with supposedly noble causes such as fighting 'Islamophobia'."

Starting in the 1950s with the emerging 'religious consciousness' among Islamic immigrant workers, the Muslim Brotherhood has since 'designed the matrix of political Islamism adapted to be established in the West,' a report commissioned by the French government has found, according to the national paper of record *Le Figaro*.

Paris intelligence said that after facing pushback in the Islamic world in the middle of the last century, the Egypt-founded Muslim Brotherhood turned its sights on Europe, initially in countries like the UK, Germany, and Switzerland and later spreading to Belgium, Italy, and France in a bid to restart the Islamic "Western conquest strategy". Muslim Brotherhood founder Hassan al-Banna is cited as having then said: "We will pursue this evil force to its own lands, invade its Western heartland and fight to defeat it until the whole world cries out in the name of the Prophet..."

'Demonic': Internet erupts when report claims Canada wants to help kids commit suicide

May 22, 2025 [wnd.com](#) reported: "Stunning online and published reports assert the government of Canada, which already has a widely promoted plan to offer help to people to kill themselves, called Medical Assistance in Dying, is considering an expansion to offer such 'help' to children."

Jasmin Laine, the host of the program 'Over Opinionated,' posted online images of flyers, apparently from critics of the ideology, describing the plan that would give 'mature' children the option of killing themselves without any input from the child's parents.

'You have to be a special kind of demonic to advocate for MAID for young, vulnerable people and people who are suicidal,' Laine wrote. 'Imagine walking into a clinic for help, and being told the world would be better off without you... that you should cave to the lies the devil on your shoulder is telling you, and it would be more affordable for Canada's healthcare system if you were gone.'

She continued, 'As someone who has transformed my life and become empowered to live it, thanks to recovery plans and treatment after trying to end it—and is on the other side after losing the man I loved for nearly 10 years of my life to that same fate; There is nothing compassionate about this—it is pure evil.'..."

US intel. suggests Israel preparing strike on Iran's nuclear facilities – CNN

May 21, 2025 [jpost.com](#) reported: "New intelligence obtained by the United States suggests that Israel is preparing to strike Iranian nuclear facilities, *CNN* reported on Tuesday, citing multiple US officials familiar with the matter."

It was not clear whether Israeli leaders have made a final decision, *CNN* added, citing the officials, adding that there is 'deep disagreement within the US government about the likelihood that Israel will ultimately act.' Any Israeli strike on Iran would be 'a brazen break with President Donald Trump,' the officials told *CNN*. They added that it could also risk triggering a broader regional war.

'Whether and how Israel strikes will likely depend' on Jerusalem's views of US-Iran nuclear negotiations, *CNN* added..."

Netanyahu responds: UK, Canada and France are offering a huge prize for October 7 attack

May 20, 2025 israelnationalnews.com reported: "Prime Minister Benjamin Netanyahu on Monday evening issued a statement responding to the UK, Canada and France's ultimatum to Israel to end the war in Gaza or face sanctions.

'By asking Israel to end a defensive war for our survival before Hamas terrorists on our border are destroyed and by demanding a Palestinian state, the leaders in London, Ottawa and Paris are offering a huge prize for the genocidal attack on Israel on October 7 while inviting more such atrocities,' he said.

'The war began on October 7 when Palestinian terrorists stormed our borders, murdered 1,200 innocent people and abducted over 250 more innocents to the dungeons of Gaza,' he added.

'Israel accepts President Trump's vision and urges all European leaders to do the same. The war can end tomorrow if the remaining hostages are released, Hamas lays down its arms, its murderous leaders are exiled and Gaza is demilitarized. No nation can be expected to accept anything less and Israel certainly won't,' Netanyahu stated..."

Iran, Russia deepen ties amid nuclear talks with the US – analysis

May 19, 2025 jpost.com reported: "Iran has continued its outreach to Russia and other countries as it waits for the next round of indirect talks with the US. While Tehran is still cautiously optimistic, it wants to hedge.

Its goal is to have China, Russia, and even some European countries potentially help it to hedge against any fallout should the US talks collapse. Iran is rushing to do this, and Russia is one of its key friends. A quiet but deepening of ties between Iran and Russia is unfolding, evidenced by recent diplomatic gestures that reflect cooperation and strategic convergence..."
